Objective

Motivated Java Developer (Fresher) with strong knowledge of HTML CSS,Java Script,Java, Spring Boot, Spring Security, and MySQL. Seeking an entry-level role to apply Full Stack development skills and grow as a Java Full Stack Developer working on backend-driven applications.

Education

Bharani park matric hr secondary school 2018 -2019

SSLC Marks:448

Bharani park matric hr secondary school 2020-2021
HSC Marks:533

Sri Ramakrishna Institute Of Technology 2021-2025
BE-ECE CGPA:7.2

Skill

- Languages: Java, HTML, CSS ,javascript
- Frameworks: Spring Boot, Spring security, Hibernate
- Database: MySQL
- Core Java Concepts: OOPs, Collections Framework, Exception Handling, Multithreading
- Advanced Java: Lambda Expressions, Stream API, Optional, Functional Interfaces
- Tools & Technologies: IntelliJ IDEA, Postman,Maven
- Version control:Git &Github

Experience

Profenaa InfoTech Dec 15 2025 - Present

Java Fullstack Developer Intern

•Working on backend development using Java and Spring Boot
•Developing RESTful APIs and integrating them with MySQL database
•Implementing authentication and authorization using Spring Security and JWT
•Collaborating on real-time project tasks including debugging and testing
•Gaining hands-on experience in full-stack development workflows

Projects

Certificate Management System (Live Project)

•Tech Stack: Java, Spring Boot, Spring Security, JWT, MyQL, REST API

•Live url:https://pybotacademy.com/login

•Developed and deployed a role-based certificate management system with admin upload and download functionality

•Implemented secure authentication and authorization with JWT

•Deployed the application on a live Hostinger server for real-world access

Course Registration System

•Developed a full-stack Course Registration System using Java, Spring Boot, MySQL, HTML, CSS, and JavaScript.

• Designed and implemented a responsive user interface, developed RESTful APIs for backend ed the application with a MySQL database. Implemented complete CRUD functionalities for course and student management, following MVC architecture to ensure scalability and maintainability.

Certifications

- Java Full Stack Development - Uniq Technologies ,Coimbatore.
